PROFESSIONAL SUMMARY

Senior Full Stack Developer and Computer Engineer with 6+ years of professional experience designing, developing, deploying, and maintaining enterprise-grade web applications, CRM platforms, SaaS products, booking systems, billing platforms, recruitment portals, membership systems, newsletter management platforms, and eCommerce solutions for international clients.

Expert in Laravel, PHP, WordPress, MySQL, JavaScript, API integrations, Stripe payment systems, cloud infrastructure, server administration, DevOps, and technical SEO. Successfully delivered 100+ websites and web applications and completed 500+ development, optimization, integration, and automation projects across tourism, yacht charter, recruitment, real estate, agriculture, membership, and business automation industries.

Proven track record of managing complete software development lifecycles including requirements gathering, system architecture, database design, development, testing, deployment, optimization, maintenance, and client support. Experienced working directly with business owners, startups, agencies, and international organizations across North America, Europe, Asia, and Australia.

- Expert in Laravel, PHP, WordPress, MySQL, and API Development
- Extensive CRM, SaaS, Billing, and Booking Platform Experience
- Strong DevOps, Cloud Infrastructure, and Server Administration Background

- **International Client Experience Across Multiple Industries**
 - **Proven Success Delivering Complex Business Automation Systems**
 - **Experience Managing Full Software Development Lifecycles**
-

TECHNICAL SKILLS

Backend Development

- **PHP**
- **Laravel**
- **CodeIgniter**
- **REST API Development**
- **API Integrations**
- **Webhooks**
- **Object-Oriented Programming (OOP)**
- **MVC Architecture**
- **Stripe API Integration**
- **Payment Gateway Integration**

Frontend Development

- **HTML5**
- **CSS3**
- **JavaScript**
- **jQuery**
- **AJAX**
- **Bootstrap**
- **Responsive Web Design**
- **Blade Templates**

Database Technologies

- **MySQL**
- **MariaDB**
- **Database Design**

- **Query Optimization**
- **Database Normalization**
- **Performance Tuning**
- **Data Migration**
- **Backup & Recovery**

CMS & eCommerce

- **WordPress**
- **WooCommerce**
- **Shopify**
- **Custom Plugin Development**
- **Theme Development**
- **Membership Systems**

Cloud, DevOps & Infrastructure

- **Linux Server Administration**
- **cPanel**
- **WHM**
- **DNS Management**
- **SSL Management**
- **AWS S3**
- **Cloud Hosting**
- **Server Migration**
- **Git Version Control**
- **Deployment Management**

Business Systems Development

- **CRM Platforms**
- **SaaS Applications**
- **Booking Systems**
- **Billing Platforms**
- **Recruitment Systems**

- **Attendance Systems**
- **Newsletter Platforms**
- **Workflow Automation**
- **Business Process Automation**

SEO & Performance Optimization

- **Technical SEO**
 - **Schema Markup**
 - **Search Console Optimization**
 - **Core Web Vitals**
 - **Website Performance Optimization**
 - **Site Architecture**
-

PROFESSIONAL EXPERIENCE

GLOBAL IMPACT SOURCING LLC

Senior Full Stack Developer

July 2019 – Present

Lead developer responsible for designing, developing, and maintaining enterprise applications, CRM systems, booking engines, billing platforms, recruitment systems, and business automation solutions.
